

## Mirka® AP 300NV

– the light and ergonomic angle polisher

The light and ergonomic angle polisher is equipped with a 77 mm backing pad. The machine has low vibration and is easy to handle. The body provides the option of a two-hand grip. Another advantage is that the machine design allows easy maneuverability as the tool can easily be moved in different directions.

The pneumatic polisher provides good visual control over the work and is ideal for spot repair polishing in ART applications. For OEM applications the tool is used for polishing of composite and plastic parts and car bodies.

**Mirka® AP**  
Angle Polisher

## Benefits

- Compact and ergonomic
- Easy to handle
- Convenient to use with one or two hands

Technical specifications	Mirka® AP 300NV
Code	8992340311
Size	77 mm (3")
Speed	3,200 rpm
Air consumption	626 l/min
Working pressure	6.2 bar
Noise level, LpA	76 dBA
Vibration level	1.34 m/s <sup>2</sup>
Power	298 W
Weight	0.66 kg
Size of pad	77 mm Grip ¼"
Dust system	Non vacuum
